

## Handball

Sporting is a discipline and handball is not an exception. The game teaches trust and brings out unified wing of individuals. From the side lines we look like fools running around, especially when we are not winning and it seems as if we are chasing the wind but as the team players we get out real satisfaction from the love of the game. It is not the score line that defines us but the effort that we put in and the sweat that comes thereafter.

### U17 Zonal competitions

St Dominic's (win) - Arcturus (lose)

St Dominic's (win) – Chabwino (lose)
